

COFUNDS ADDS TO LUXEMBOURG FUND RANGE

Cofunds, the UK's largest independent fund platform, is adding two new funds to the range of foreign domiciled products it offers. These are Norwich European Property Fund and Templeton Asian Growth, both of which are Luxembourg based.

In January this year, Cofunds expanded its range to include funds domiciled in Luxembourg.

Russell Lancaster, Director of Fund Manager Relationships, said "We said that we would test demand by adding funds based in other locations and so far we have been quite pleased with the results. Our intermediaries have asked us to add some more products now – and we have responded. We will carry out a further review in the autumn to see how we should progress this area of our business.
